# Discover Our Super Tour!

## Marina Piccola Harbor

The journey begins at the Marina Piccola harbor, a lively tourist port where you can stroll among the moored boats or take advantage of one of the eateries to prepare for the excursion.

## The Devil's Saddle and its natural pools

The sinuous profile of the promontory, visible from almost every panoramic viewpoint in the city, has gradually become an identifying symbol of Cagliari.

The highest point reaches 135 m above sea level and hides at its feet lie wonderful

natural pools characterized by rocks and a white seabed that give the sea a unique color.

## The Doves' Cave

It is a natural cove accessible only by sea, located behind the Devil's Saddle, and it's an enchanting place for snorkeling enthusiasts.

**Cala Fighera Beach**, which is difficult to access by land, is known as a naturist beach along the coast. The sea that laps the cove features interesting multicolored shades ranging from turquoise to emerald green, with a shallow and pebbly seabed.

## **Calamosca and the Capo Sant'Elia lighthouse**

Calamosca is a quiet beach in the city of Cagliari, mainly frequented by locals. From the sea, you can admire the namesake.

torre, costruita dagli spagnoli nel 1600 come Point of defense. Behind the tower, we can see The lighthouse of Cagliari, known as Capo Sant'Elia lighthouse

## **Cala Bernat**

A sandy cove almost unknown even to the city's residents, it can only be reached by sea. Just a few meters long and nestled in white rocks, it is an unmissable paradise in our gulf.
